On last Friday at the sales at Lexington, John H. White, representing the firm of White & Garnett, bought the noted sire and race horse, Jack Atkin.

This will make quite an addition to the thoroughbred horses of the county. Jack Atkin has been among the leading winner producers for several years—and as he is yet a young horse, his progeny should make a great reputation on the race track.

He will be kept at Mr. White's place on the Bredshaw plike.

LOCAL TEAM LOSES GAME

Basket Ball Contest With Madisonville Elks' Outfit.

On last Friday night the strong Alumni basket ball team lost to the Elks' team at Madisonville by the score of 25 to 20. This was the first defeat of the Alumni team in four years. The team was considerably off their stride in the first half, and allowed Madisonville to ring up 17 points to their 7. In the last half they improved and made 13 points to 8, but were unable to overcome the Madisonville lead.

Capt. Ashby at center and Moss at guard probably played the best game for the Alumni.

The local team will tackle the strong Earlinton Athletic Club on the home floor next Friday night.

SCHOOL PLAN IS OUTLINED BY CONFERENCE

secure standardization.

SIXTH—To make the minimum county levy for schools 50 cents instead of 30 cents; the minimum salary for a county school superintendent \$1,600, and the minimum salary for an emergency teacher \$425 instead of \$250.

SEVENTH—To amend the State Constitution so that the State Board of Education may hereafter appropriate the school fund derived by state taxation according to the character of the work done and the necessities of the county. This is considered, with the changes in the manner of selecting the State Superintendent and the County Superintendents, the cornerstone of the new system.

Confident of Success.

When seen Friday morning, State Superintendent Colvin was confident that the whole program outlined above will be accepted by the Legislature: "I happen to have been elected to this office on the Republican ticket," said Mr. Colvin, "but our present law requires such an election. Now that the election is over Democrats are helping to pass a school program as earnestly as Republicans. In fact politics has disappeared in the consideration of this matter. The county superintendents, who are Democrats, are as a unit in favoring these measures and I believe they will go to the Legislature with the best men in all parties backing them."

"Our success in this matter has been so striking that we hardly know what to make of it. We hoped to reach an agreement endorsed by every forward-looking educator in Kentucky. The probable gain to the State of Kentucky and the hundreds of thousands of school children of the various counties in the state can't be overestimated. We will at once have the bills drawn carrying out the program and will present them as soon as the Legislature meets."

Miss Lou Holland, of Madisonville is visiting Miss Johnnie Beard.
